## Principals Message

As the first 9 weeks has ended, I would like to compliment all parents and students for doing a great job! Education is a team effort and it takes the parents, students and teachers all working together to get the results we want. Ultimately we want to produce students that will become productive members of the community who will raise their children with the same goal. Part of being a team player is making sure your child is counted present every day and that they are healthy enough to attend school. Remember, attendance is taken at 9:00 AM every day. Our budget from the state is based on attendance. If you have an appointment, personal business, or a trip, please take your child out after this time. If you have an appointment with a doctor or dentist before 9:00 AM, please bring a note from their office. Also, please make sure your child arrives to school on time. If they want to eat breakfast, they must arrive at school by 7:50 AM at the latest. Thanks for your cooperation and I hope the second 9 weeks is as great as the first.
